Sir:

We gratefully acknowledge the "Notice of Allowance" mailed on February 23, 2009. Internally, at Thomson Licensing LLC, as a measure of quality control and prior to paying the Issue Fee on an allowable case, we check all the corresponding related applications worldwide and make sure that any documents cited elsewhere in the world were properly cited in the USPTO with an IDS statement(s) during prosecution. Unfortunately, in this instance, one of the references cited in a Chinese Office Action slipped by us undetected, and therefore we wish to file this RCE in order to report the reference cited by that Office Action with an IDS Statement. Applicants assert that none of the references currently or formerly cited, alone or in combination, disclose the claimed invention nor make it obvious. Therefore, Applicants respectfully request consideration of the new reference and allowance of the application.
